***Continued Prosecution Application***

The request filed on 7 November, 2000 (Paper No. 5) for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 09/518,931 is acceptable and a CPA has been established. An action on the CPA follows.

***Election/Restrictions***

**DETAILED ACTION**

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 24-131, and 141-247, drawn to an isolated polypeptide, classified in class 530, subclass 350.
- II. Claims 132-140, and 248-256, drawn to an antibody, classified in class 530, subclass 387.1.

Inventions I and II are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions have different modes of operation, different function, and different effects. Inventions I and II are different products which require materially different methods, technical considerations, and reagents for use. For example, the polypeptide of group I can be used as antigen to generate antibodies in an animal. The antibody of group II can be used for treating a disease *in vivo*. Because

these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter and separate search requirement, restriction for examination purposes as indicated is proper.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
